DOCUMENTATION

Thank you!

Thank you for purchasing my asset package! This guide will walk you through the support and features available to you.
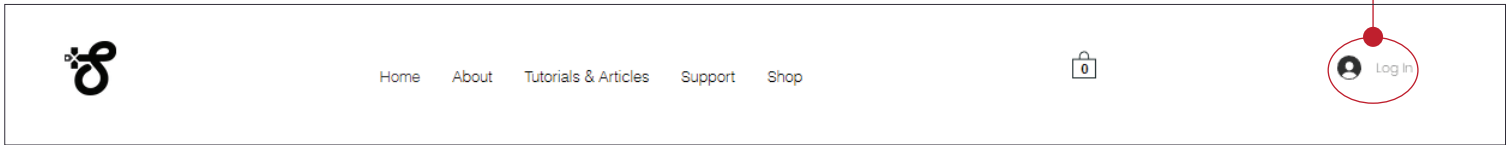

When you buy any version of this asset, all previous versions are also available to you. This prevents package updates from overwriting a version you may have preferred.
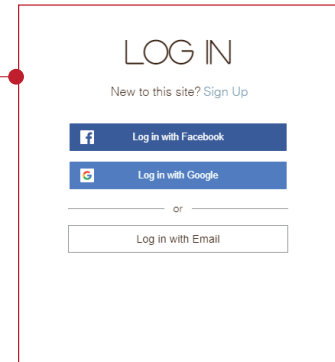

How to Access Previous Versions
To unlock previous versions of the asset, you will need to create a member account at **www.stellargameassets.com**.

Click the "Log In" button at the top right of the page.

Signing up for an account allows me to link your past purchases with you and grant you access to the old versions. I do not use your information for any other purposes.

Once you have created an account, go to **www.stellargameassets.com/version-request**

Check off that you are already a site member (or sign up now). This will load a form for you to request access to the old character versions.

Enter all of the required information and submit the form. Please allow 1-2 working days for me to process the request.

You're Invited to Access a Folder

stephanielrsn from Stellar Game Assets has invited you to view the folder **Rhett Cosmo: Stylized Casual Character**.
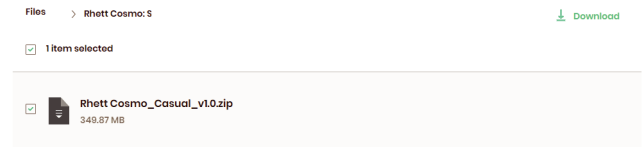

Go To Folder

Once I've processed your request, you'll receive an email inviting you to access a folder corresponding to the character you have purchased.

Click on the link. If you aren't logged in to the site, you will be prompted to do so.

You should now see the archive page for all of the old character versions. Simply check off the one you want and click "download".

The zip file contains a UNITYPACKAGE file in the state it was in for that version. You can import it into your Unity project as a custom package.
